

Covenant Academy 2021-22 COVID-19 Policy

Covenant Academy has a rich heritage of caring for the well-being of its community in both body, soul, and spirit. In view of that, to properly respond to COVID-19, the school will be implementing the guidelines provided below. Additionally, we ask that each family demonstrate vigilance and prudence with any sickness within the home.

- If a student or staff member demonstrates cold/flu like symptoms with a fever of 100.4 degrees or higher, he or she needs to stay out of school. To return to school the individual must be symptom and fever free without the use of medication for 24 hours prior to returning to school.
- Every student or staff member who tests positive for COVID-19 must quarantine at home 10 days after the onset of symptoms. Please contact the appropriate building principal for an official return date.
- As of this writing, contact tracing will be limited to exposure within the household. This means that if someone living in the residence tests positive for COVID-19 that everyone else residing in the home has been exposed to the virus. In this scenario all residents would need to be quarantined at home for 10 days from the onset of symptoms. The parent must contact the appropriate building principal as soon as possible regarding the family's quarantine status and to determine an official return date.
- As of this writing, the wearing of masks will not be required. However, the school will honor and support a family's decision to either wear masks or not.
- As of this writing, we cannot offer virtual instruction. As is the case for any illness, please promptly contact the classroom teacher for further instruction.
